

For immediate release

Koehler Paper to increase thermal paper prices globally by 8 % for all grades, effective February 1st of 2023

Oberkirch, Germany, 11/23/2022 – Koehler Paper, leading manufacturer of thermal paper, is increasing prices for its thermal paper product range globally by 8 % for all grades, effective for deliveries from February 1st 2023.

This increase is essential in order to offset the ongoing inflationary cost developments in pulp, chemicals, logistics and labour.

Customers will be contacted directly by the Koehler sales team.

More about the Koehler Group

The Koehler Group was founded in 1807 and has been family-run from that moment to the present day. The group's core business activity lies in the development and production of high-quality specialty paper. This includes—among others—thermal paper, playing card board, drinks coasters, fine paper, carbonless paper, recycled paper, decor paper, wood pulp board, sublimation papers, and also innovative specialty papers for the packaging industry since 2019. In Germany, the Koehler Group employs around 2,500 people across five production sites, with three additional sites in the USA. The group operates internationally, with an export share of 70% in 2021, and brings in an annual turnover of around 1 billion euros.

As an energy-intensive company, Koehler invests in renewable energy projects such as wind energy, hydropower, photovoltaics, and biomass with its Koehler Renewable Energy business unit. The Koehler Group has set a goal of producing more energy from renewable sources by 2030 than is required for its paper production operations.

In addition, with its Koehler Innovative Solutions business unit, Koehler is dedicated to developing new business areas outside of special paper production and energy production.
