

For immediate release

Koehler Paper announces price increase for Carbonless Paper and Fine Paper as of May 1, 2026

Oberkirch, Germany, 03/30/2026 – Koehler Paper, part of the Koehler Group, will increase prices for Carbonless Paper and Fine Paper by 10% for deliveries from May 1, 2026.

The reason for this is significant cost increases in pulp, chemicals, and energy. In addition, there are noticeable burdens in the global freight and logistics structure, which have significantly impacted production and supply chains.

The Koehler Paper sales team will inform all customers directly about the adjustments.

More about the Koehler Group

The Koehler Group was founded in 1807 and has been family-run to this day. The Group's core area of business is the development and production of high-quality, specialty paper, including thermal paper, playing card board, drink coasters, fine paper, carbonless paper, recycled paper, decor paper, wood pulp board, sublimation paper, and innovative specialty paper for the packaging industry, too. In Germany, the Koehler Group, with its around 2,500 employees, has five production sites, as well as three more in the USA. The Group operates on an international level, with an export ratio of about 70% in 2024 and annual revenue of 1.1 billion euro.

As an energy-intensive enterprise, Koehler invests with its unit Koehler Renewable Energy in renewable energy projects such as wind energy, hydroelectric power, photovoltaics, and biomass. The Koehler Group has committed itself to producing more energy from renewable sources than is needed for paper production by 2030.

With the business unit Koehler Innovative Solutions, Koehler collaborates with start-ups to promote innovations in the core business areas of paper and renewable energy.
